

The Wall Scenic

How to transform a room in the blink of an eye?

1) Choose your Wall Scenic

Choose a Scenic from our collection and we will adapt and adjust it to your dimensions. We will provide you with a visual presentation and a sample before you commit to ordering, so that you can visualize how the Scenic will transform your room.

2) Ordering

After your order is placed, the Wall Scenic will be printed on archival paper or adhesive fabric. You can expect to receive your Scenic in approximately ten business days after ordering.

3) Installation

The Installation can be done by a good handyman or professional wallpaper hanger. We offer installation services to clients in Southern California for an additional cost.

Browse our collection to see examples of the possibilities!
